

Meet the Experts

Don't miss our daily *Meet the Experts* discussion series on innovations in radiation oncology. Join us in booth to discuss care pathways, deep learning techniques, RT planning, theranostics and more!

Theater Session Title	Speaker(s)	Time
Sunday		
MRI for prostate cancer focal RT boost	Tyler Seibert, MD, PhD (University of California San Diego)	Sunday 2:30
Road to Precision RT: GE HealthCare Strategy	Ben Newton, PhD/Sampath Kandala (GE HealthCare)	Sunday 4:25
Monday		
Harmony in Technology: Synergizing Precision and Flexibility for Enhanced Workflows	Madhavi Kapa (Accuray)/Vijay Andani (GE HealthCare)	Monday 1:30
Elevating clinical confidence through partnerships in Radiation Therapy: GE HealthCare & Elekta (TBC)	TBD (Elekta)/Vikas Koul (GE HealthCare)	Monday 2:30
One Stop RT Workflow: Point of Care Treatment Plan (PoCTP) to Same Day Dose Delivery	Anna Lundin (RaySearch Laboratories)/Tim Lin (GE HealthCare)	Monday 4:25
Tuesday		
Interoperability and challenges in a radiation oncology workflow	Árpád Kovács, MD, PhD (University of Debrecen)/ Trish Lewis(GE HealthCare)	Tuesday 1:30
From Image to Plan: Next Generation CT Simulation Technologies for Radiation Therapy in Academics	Ty Bode/Sylvain Reuzé, PhD (GE HealthCare)	Tuesday 2:30
Artificial intelligence in radiation oncology: from simulation to follow-up care	Sylvain Reuzé, PhD (GE HealthCare)	Tuesday 4:25
