

Tutorial Room 1

ESC Congress 2026 | Educational workshops

GE HealthCare and key opinion leaders partnered together to develop an educational program, including live demonstrations. Join us to learn more about the benefits of GE HealthCare's full cardiology portfolio of solutions in different clinical settings.

Friday

28th
August

09:00-10:30

Mastering 4D TTE echocardiography:
image optimization and clinical
application

Dr. Konstantinos Papadopoulos

11:00-12:30

Mastering strain echocardiography:
advanced clinical use in different
pathologies

Prof. Jens-Uwe Voigt

14:00-15:30

Right Heart echo academy: how to assess
the right ventricle

Prof. Luigi Badano

15:45-17:05

Left Heart echo academy: how to assess
the left ventricle

**Prof. Jadranka Separovic Hanzevacki &
Dr. Sandra Jakšić-Jurinjak**

17:15-18:30

Imaging Tricuspid Valve from diagnosis to
patient selection and referral

Dr. Nina Wunderlich

Saturday

29th
August

09:00-10:30

Mastering 4D TTE echocardiography:
image optimization and clinical
application

Dr. Konstantinos Papadopoulos

11:00-12:30

Mastering strain echocardiography:
advanced clinical use in different
pathologies

Prof. Jens-Uwe Voigt

13:00-14:30

Right Heart echo academy: how to assess
the right ventricle

Prof. Luigi Badano

15:00-16:30

Left Heart echo academy: how to assess
the left ventricle

**Prof. Jadranka Separovic Hanzevacki &
Dr. Vlatka Reskovic Luksic**

17:00-18:30

Imaging Mitral Valve from diagnosis to
patient selection and referral

Dr. Nina Wunderlich

Sunday

30th
August

09:00-10:30

Mastering 4D TTE echocardiography:
image optimization and clinical
application

Dr. Konstantinos Papadopoulos

11:00-12:30

Mastering strain echocardiography:
advanced clinical use in different
pathologies

Prof. Jens-Uwe Voigt

13:00-14:30

Right Heart echo academy: how to assess
the right ventricle

Prof. Luigi Badano

15:00-16:30

Left Heart echo academy: how to assess
the left ventricle

**Dr. Vlatka Reskovic Luksic &
Dr. Sandra Jakšić-Jurinjak**

17:00-18:30

Imaging Aortic Valve from diagnosis to
patient selection and referral

Dr. Laura Sanchis

Monday

31st
August

09:00-10:30

Mastering 4D TTE echocardiography:
image optimization and clinical
application

Dr. Konstantinos Papadopoulos

11:00-12:30

Mastering strain echocardiography:
advanced clinical use in different
pathologies

Prof. Jens-Uwe Voigt

13:00-14:30

Right Heart echo academy: how to assess
the right ventricle

Prof. Luigi Badano

ESC Congress 2026 | Educational workshops

GE HealthCare and key opinion leaders partnered together to develop an educational program, including live demonstrations. Join us to learn more about the benefits of GE HealthCare's full cardiology portfolio of solutions in different clinical settings.

Vivid™ Imaging Lab: Hands-on sessions on the NEW members of the family

Explore the latest innovations in Echocardiography

The heart of innovation. The future of ultrasound.

Friday

28th
August

4 sessions

Saturday

29th
August

10 sessions

Sunday

30th
August

10 sessions

Monday

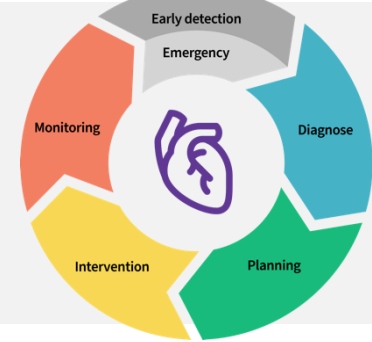

31st
August

6 sessions

Interested in joining a hands-on session? Registration is required and can be completed at the GE HealthCare booth or at the entrance to Tutorial Room 3.

ESC Congress 2026 | In-Booth Presentations

GE HealthCare and key opinion leaders partnered together to develop an educational program, including live demonstrations. Join us to learn more about the benefits of GE HealthCare's full cardiology portfolio of solutions in different clinical settings.

Friday

28th
August

10:30-11:00 Handheld Ultrasound Station
How AI on handheld ultrasound is accelerating clinical decisions at the point of care
[Dr. Martin Altersberger](#)

11:30-12:00 ViewPoint EchoPilot™ Station
Live TTE scanning session showcasing AI-powered cardiac ultrasound workflows
[Dr. Martin Altersberger](#)

12:00-12:15 DCAR Station
Trustworthy AI-ECG: overcoming limitations of the Black Box

13:00-13:30 CVUS Station
Vivid™ Unveiling: A historic, worldwide debut

13:30-14:00 CVUS Station
Discover the New Vivid™

14:00-14:30 Handheld Ultrasound Station
How AI on handheld ultrasound is accelerating clinical decisions at the point of care
[Dr. Martin Altersberger](#)

14:30-15:00 CVUS Station
Discover the new Vivid™

15:00-15:30 ViewPoint EchoPilot™ Station
Live TTE scanning session showcasing AI-powered cardiac ultrasound workflows
[Dr. Martin Altersberger](#)

15:15-15:30 DCAR Station
AI-based ECG diagnostics - from cloud solutions back to the clinic
[Katharina Schubert](#) | [Xaver Klingauf](#)

15:30-16:00 CVUS Station
Discover the new Vivid™

16:00-16:30 Handheld Ultrasound Station
From image to impact: AI-enabled handheld echo for Primary Care and Hospital-at-Home
[Dr. Alex Pitcher](#)

16:30-17:00 CVUS Station
Discover the new Vivid™

Saturday

29th
August

10:00-10:30 CVUS Station
Discover the new Vivid™

10:30-10:45 DCAR Station
AI-based ECG diagnostics - from cloud solutions back to the clinic
[Katharina Schubert](#) | [Xaver Klingauf](#)

10:30-11:00 Handheld Ultrasound Station
See the needle. Place with confidence: central line placement with handheld ultrasound
[Dr. Martin Altersberger](#)

11:00-11:30 CVUS Station
Discover the new Vivid™

11:30-12:00 ViewPoint EchoPilot™ Station
Live TTE scanning session showcasing AI-powered cardiac ultrasound workflows
[Dr. Martin Altersberger](#)

12:00-12:30 CVUS Station
Discover the new Vivid™

13:00-13:30 CVUS Station
Discover the new Vivid™

13:00-13:30 Handheld Ultrasound Station
The Next Stethoscope: how handheld AI-enabled ultrasound is bringing cardiac imaging to the frontline of Primary Care
[Dr. Alex Pitcher](#)

13:30-13:45 DCAR Station
Trustworthy AI-ECG: overcoming limitations of the Black Box

14:00-14:30 CVUS Station
Discover the new Vivid™

14:00-14:30 Handheld Ultrasound Station
See the needle. Place with confidence: central line placement with handheld ultrasound
[Dr. Martin Altersberger](#)

15:00-15:30 CVUS Station
Discover the new Vivid™

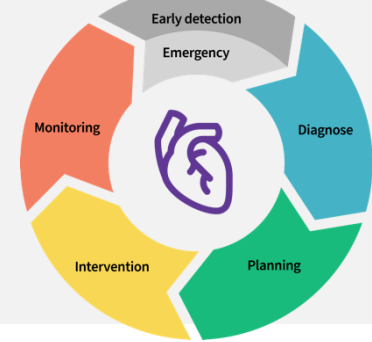

15:00-15:30 ViewPoint EchoPilot™ Station
Live TTE scanning session showcasing AI-powered cardiac ultrasound workflows
[Dr. Martin Altersberger](#)

16:00-16:30 Handheld Ultrasound Station
From image to impact: AI-enabled handheld echo for Primary Care and Hospital-at-Home
